E.1 52.212-2 EVALUATION—COMMERCIAL ITEMS (JAN 1999)

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following factors shall be used to evaluate offers:

Low Price, Technically Acceptable

(b) *Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced. Evaluation of options shall not obligate the Government to exercise the option(s).

(c) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

(End of Provision)

E.2 EVALUATION APPROACH

All proposals shall be subject to evaluation by a team of Government personnel. The Government intends to award without discussions based upon the initial evaluation of proposals.

The proposal will be evaluated strictly in accordance with its written content. Proposals which merely restate the requirement or state that the requirement will be met, without providing supporting rationale, are not sufficient. Offerors who fail to meet the minimum requirements of the solicitation will be rated Unacceptable.

1. **TECHNICAL EVALUATION APPROACH.** The evaluation process will consider the extent to which the proposal demonstrates a clear understanding of the technical features involved in meeting the solicitation requirements and whether the offeror's methods and approach have adequately and completely considered, defined and satisfied the requirements in the Solicitation.

- a. **Acceptable** - A proposal that demonstrates the offeror's ability to meet all of the Government's minimum requirements as identified in the solicitation.
- b. **Unacceptable** - A proposal that fails to demonstrate the offeror's ability to meet all of the Government's minimum requirements as identified in the solicitation, and cannot be corrected without a major rewrite or revision of the proposal. A proposal that fails to meet the Government's requirements after the final evaluation shall be ineligible for award regardless of whether it can be corrected without a major rewrite or revision of the proposal.

2. **Past Performance (Pass/Fail)**

The contractor will provide as part of the proposal a description of two separate and recent (within three years) client references for which the offer has provided comparable service to those described in the Statement of Work.

Any proposal which does not demonstrate satisfactory performance on at least two projects (within the past 3 years) similar in scope to the work described in this Request for Quotation (in a clinical setting) will not be considered technically acceptable.

Acceptability Standard (Pass):

Past performance must reflect that work performed in the past 3 years was, overall, satisfactory or better.

NOTE: An offeror without relevant past performance, or for whom information on past performance is not available, will be given a neutral rating.

The Government may also use past performance information obtained from sources other than those identified by the offeror. Information may be obtained from the Past Performance Information Retrieval System (PPIRS) (<http://www.ppirs.gov>). PPIRS functions as the central warehouse for performance assessment reports received from several Federal performance information collection systems and is sponsored by the DoD E-Business Office and administered by the Naval Sea Logistics Center Detachment Portsmouth.

3. PRICE EVALUATION APPROACH. The Government will evaluate offers by adding the total of all line item prices. The Total Evaluated Price will be that sum.

(h) *Certification Regarding Responsibility Matters* (Executive Order 12689). (Applies only if the contract value is expected to exceed the simplified acquisition threshold.) The offeror certifies, to the best of its knowledge and belief, that the offeror and/or any of its principals—

(1) [] Are, [] are not presently debarred, suspended, proposed for debarment, or declared ineligible for the award of contracts by any Federal agency;

(2) [] Have, [] have not, within a three-year period preceding this offer, been convicted of or had a civil judgment rendered against them for: commission of fraud or a criminal offense in connection with obtaining, attempting to obtain, or performing a Federal, state or local government contract or subcontract; violation of Federal or state antitrust statutes relating to the submission of offers; or Commission of embezzlement, theft, forgery, bribery, falsification or destruction of records, making false statements, tax evasion, violating Federal criminal tax laws, or receiving stolen property;

(3) ☐ Are, ☐ are not presently indicted for, or otherwise criminally or civilly charged by a Government entity with, commission of any of these offenses enumerated in paragraph (h)(2) of this clause; and

(4) ☐ Have, ☐ have not, within a three-year period preceding this offer, been notified of any delinquent Federal taxes in an amount that exceeds \$3,000 for which the liability remains unsatisfied.

(i) Taxes are considered delinquent if both of the following criteria apply:

(A) *The tax liability is finally determined.* The liability is finally determined if it has been assessed. A liability is not finally determined if there is a pending administrative or judicial challenge. In the case of a judicial challenge to the liability, the liability is not finally determined until all judicial appeal rights have been exhausted.

(B) *The taxpayer is delinquent in making payment.* A taxpayer is delinquent if the taxpayer has failed to pay the tax liability when full payment was due and required. A taxpayer is not delinquent in cases where enforced collection action is precluded.

(ii) *Examples.*

(A) The taxpayer has received a statutory notice of deficiency, under I.R.C. Sec. 6212, which entitles the taxpayer to seek Tax Court review of a proposed tax deficiency. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek Tax Court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(B) The IRS has filed a notice of Federal tax lien with respect to an assessed tax liability, and the taxpayer has been issued a notice under I.R.C. Sec. 6320 entitling the taxpayer to request a hearing with the IRS Office of Appeals contesting the lien filing, and to further appeal to the Tax Court if the IRS determines to sustain the lien filing. In the course of the hearing, the taxpayer is entitled to contest the underlying tax liability because the taxpayer has had no prior opportunity to contest the liability. This is not a delinquent tax because it is not a final tax liability. Should the taxpayer seek tax court review, this will not be a final tax liability until the taxpayer has exercised all judicial appeal rights.

(C) The taxpayer has entered into an installment agreement pursuant to I.R.C. Sec. 6159. The taxpayer is making timely payments and is in full compliance with the agreement terms. The taxpayer is not delinquent because the taxpayer is not currently required to make full payment.

(D) The taxpayer has filed for bankruptcy protection. The taxpayer is not delinquent because enforced collection action is stayed under 11 U.S.C. 362 (the Bankruptcy Code).
